Deb is doing a storytime as outreach at a daycare near the library. This is the first program of this type.

November wildlife program with Helena. (She later had to cancel.)

Apple program - Setting up a story walk on the site on the ridge, pop up library, set up to register for a card, give out apples, craft here at library, October 7th tentatively. The librarians will buy some stakes with velcro.

Kellogg Hubbard has story walks we can borrow.

New Business

Discussion about how much to increase the size of the library to then pass on to the Municipal Building Committee. The board would like to see the square footage of the library tripled at a minimum.

Old Business

Roof - Jane will get a ballpark estimate for a new roof, and if the library would be OK another winter.

Fir Tree - It's dieing. It needs to be taken down. The stump needs to be ground down and replaced with a flowering tree. (Amy would prefer pink.) Teacher Tree Service - Melanie will ask them for a ballpark estimate.

Other Business

Would boot trays be helpful to have inside the door in the winter and spring? Deb mentioned that patrons often remove their boots before entering the library.

Next meeting: October 17 , 2017

The meeting was adjourned at 8:05 p.m.

Respectfully submitted,

Melanie Cote
