

Monkton Energy Committee

Meeting Minutes
November 18, 2020

Attending: Mark Boltz-Robinson, Jane Palmer, Nate Palmer, Alex Perkins

Absent: None

Guest: None

Call to Order 19:11.

Review of committee meeting minutes from September 2019 to the most recent. Jane motioned to approve in bulk, Nate seconded. Unanimous approval.

Discussion of Energy Fund

N. Palmer noted Weybridge's Energy Fund was about \$ 6,000.

Likely taxes wouldn't be an option for Monkton

M. Boltz-Robinson suggested grants or other funds may be an option.

A. Perkins introduced EBSCO, which is a grant for solar on libraries, A. Perkins would use the application and information from the previous year to begin drafting an application.

J. Palmer asked about uses for the fund. Discussion on EV charging versus weatherization; agreed weatherization should be a priority. Would be good to get an up-to-date assessment on the number of EVs.

Discussion on updated Energy Survey in general, and how best to conduct. Postcard is harder, but reaches broader audience.

Adjournment 19:40.
