

Monkton Energy Committee

Meeting Minutes

May 19, 2021

Attending: Mark Boltz-Robinson, Chris Boekman

Absent: Alex Perkins

Guest: None

Zoom Meeting / Pandemic

Expected guest Mike Norris, solar investor, did not show up.

Town Hall Solar

Believed that GMS and SunRun were A. Perkins.

SunCommon (Mark) had considered fire station also. Other municipal properties?

Discussed the proposal of Bristol Electric, and agreed to have them also consider other municipal lots. Also, each should add an option for battery storage systems.

C. Boekman briefed on some outreach ideas. Provide community awareness of codes and compliance for energy. Specifications for efficiency of houses, incentives and programs, how to make community aware? Maybe also brief zoning administrator and Planning Commission to help them with awareness also.

Adjournment [time not recorded]
