

Monkton Energy Committee

Meeting Minutes
September 22, 2021

Attending: Mark Boltz-Robinson, Chris Boekman

Absent: Alex Perkins

Guest: None

The committee members present drafted a recruitment post for the Monkton Community Group on Facebook and the Monkton board in Front Porch Forum.

“Looking for something to do? Interested in solar, renewable energies, and how we can make Monkton more green, more efficient, and reduce our need for fossil fuels?”

The Monkton Energy Committee is in need of more members! We have multiple spots to fill currently and would love some additional help. Stop in at a future meeting (next is Oct. 20th) and learn more.

We are currently working on : Monkton Town Hall rooftop solar options; an EV charging station at the Town Hall; Button Up! campaign for weatherization (annual); and longer term updates to the Enhanced Energy Plan.”
