

### **Why is the Bond Vote not an Article on the Town Warning?**

We will discuss the bond to fund the construction of new Town Offices and Library during Town Meeting under Article 12 which reads, “to transact any other business proper to come before this meeting”. The reason it does not appear in the Town Warning relates to the Warning requirements for issuing a Bond. Both the Town Warning and the Bond Warning have requirements about posting in prominent locations around town, but the Bond Warning has to appear in three consecutive days of the week in the paper of record. In our case, the Bond warning appeared in the Addison Independent on 2/3, 2/10, 2/17 and 2/24. The Town Warning only had to appear in the Town Report. The Article to vote on the Bond will be voted on March 3, 2020 at the Monkton Fire Station just like all the other Australian Ballot Articles.
