

Town of Monkton

REQUEST FOR LETTER OF COMPLIANCE

Requests for searches of the Zoning Permit Files and Septic Permit Files:

The Town of Monkton maintains a file of the application forms for permits for new construction and septic systems. These are filed alphabetically by the requestor's name. The records are complete from 1978 on, and there are some records for preceding years. There are no records for septic permits prior to 1978. The file is sequestered and available by request through the Zoning Administrator for the Town of Monkton.

To request a letter of compliance, please send this form, with the list of all owners of the property, since 1978 and prior to that if you want to check the file for permits which predate the current zoning ordinance.

You will receive a letter of compliance which reflects the grant of the required permits and a site visit to determine whether or not any building or construction has taken place for which no permits have been granted.
