Sumner Curb Cut – Piney Woods Road

B. Martin did a site visit and noted that it has good site lines. No culverts will be required. A. Layn made a motion to approve the curb cut application of Sid Sumner on Piney Woods Road. B. Martin seconded. Discussion ensued.

J. McNerney noted that the Selectboard has had a long history of discouraging more than 1 curb cut per household. Recent exceptions have been for safety-related matters. A. Layn was told that it was not just a practice, but a policy. She would like to see that written policy if it exists. M. Kelley would like the landowner to come explain why he needs a 2nd curb cut and whether that is the only reasonable alternative to accessing a new building. The board discussed the fact that our relatively new Zoning Administrator might not be aware of the 1 curb-cut practice. Since some delay would be caused by this, the board agreed to making approval of the curb cut conditional upon the Zoning Administrator ascertaining whether the physical characteristics of the property allow no reasonable, safe alternative to accessing the home and the new building from a single curb cut.

B. Martin made a motion to approve the Sumner curb cut with the conditions discussed. A. Layn seconded. Motion passed by a vote of 5-0-0.
